Mobile Phones in Hungary

July 2025

Table of Contents

KEY DATA FINDINGS

2025 DEVELOPMENTS

- Sluggish sales due to market saturation and the rise of refurbished models
- Samsung maintains strong lead thanks to ongoing innovation and strong brand trust
- Retail e-commerce takes over from appliances and electronics specialist to become the leading distribution channel

PROSPECTS AND OPPORTUNITIES

- Flat-positive volume sales expected, suppressed by the popularity of refurbished smartphones and declining interest in feature phones
- Innovations will focus on enhancing convenience for consumers
- Samsung and Apple prepare to replace physical SIM cards with a digital version

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/mobile-phones-in-hungary/report.
