Dietary Supplements in Dominican Republic

September 2025

Table of Contents

KEY DATA FINDINGS

2025 DEVELOPMENTS

Demand for dietary supplements is driven by the search for digestive and mental health benefits.

In dietary supplementation, the industry focuses on age targeting and relies on recommendations from health professionals to drive sales

The search for scientific validation in dietary supplements favours the positioning of the pharmacy channel

PROSPECTS AND OPPORTUNITIES

Growing preventive health focus among Dominicans and the positive macroeconomic context favour the penetration of dietary supplements

Nutritional supplements innovate with technologies that claim to improve their assimilation levels

The local government expands preventive health support programmes to include dietary supplements

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/dietary-supplements-in-dominican-republic/report.
