COUNTRY REPORTS DISCLAIMER

EDIBLE OILS

Key Data Findings

2025 Developments

The essential role of edible oils in local cuisine supports value sales

Industry Performance

Edible oils embraced for their healthier qualities

Unpackaged animal fats remain the main fats used in cooking among the rural majority

What's Next?

Steady forecast period growth due to growing urbanisation and hectic lifestyles

Health and wellness trend shapes consumer preferences in edible oils

Sales of edible oils boosted by digital and technological advancements

Competitive Landscape

Thai Vegetable Oil PCL leads with its Healthy Chef brand

Wilmar International with its Neptune brand experiences strong growth in 2025 at the expense of Healthy Chef

Channels

Small local grocers remains the outright leading channel for edible oils

Strong growth of retail e-commerce as this channel grows from a low base

MEALS AND SOUPS

2025 Developments

Slowdown in sales of meals and soups due to strong preference for fresh food

Industry Performance

Growing demand for convenient meal options among urban dwellers

Traditional soup is popular in the country making it difficult for packaged alternatives to compete

What's Next?

Sales of meals and soups wane over the forecast period as consumers maintain their preference for fresh food

Growing health and wellness trend stimulates manufacturers to reformulate their brands

Frozen pizza and instant rice porridge remain popular ready meals over the forecast period

Competitive Landscape

The niche status makes the competitive landscape indiscernible

Lack of new entrants and marketing activities further dampen consumer interest

Channels

The expansion of modern grocery retailers widens consumer access to meals and soups

Retail e-commerce becomes more popular though remains niche for meals and soups
